# Fujifilm Data Tape Pro Cases

Fujifilm Data Tape Pro Cases are made from industrial-strength, lightweight, high-density polyethylene, ensuring that your data tapes are fully protected. With their rubberised exterior, heavy-duty, lockable compression clasps and soft interior contact points that create a durable seal, the cases are certified and approved by Fujifilm for protecting LTO cartridges.

The cases are ideal for transporting your data cartridges to off-site storage or between locations, helping you to fulfil your company's commercial and regulatory requirements.

## Data Tape Pro Cases
